LETTER OF RECOMMENDATION FOR MOHAMMED SAKIB UMAR

I have known Mohammed Sakib Umar in my capacity as a lecturer since July, 2018, when he enrolled in the University of Education, Winneba (UEW), Mampong-Ashanti, as a student of Diploma in Education. He is generally well behaved, very respectful and has a calm composure. He is quite sociable and makes friends with other people fairly easily. He is emotionally stable.

Mohammed is very hardworking, a critical thinker and takes his academic work very seriously. He contributes very much to class discussions and can be rated as among the top five students in his class. He is a team player and does excellently well when it comes to group work. He is a self-motivated person who has initiative and drive and so he is able to do independent work with little or no supervision. I was his lecturer for a course which is DED 113 - Curriculum Studies in which he performed creditably well.

Considering leadership and managerial abilities, Mohammed is presently a private basic school manager, which he has done since he graduated from the Kwame Nkrumah University of Science and Technology with a B.SC. in Renewable Natural Resource Management. He is in the final year of the Diploma in Education programme at UEW, and this is a professional qualification in teaching.

Based on my judgement of Mohammed's aptness for postgraduate study, I will not hesitate at all to highly recommend him for admission into the postgraduate programme that he has applied to pursue in your prestigious University.

Thank you.
